## ABOUT US

For over 75 years, Sloane Street Surgery has been renowned for offering independent, expert medical care and peace of mind for patients in Chelsea, Knightsbridge, Belgravia, West London and beyond. We're proud to collaborate with local private equity firms, finance houses, C-Suite Executives, and member clubs to provide support to their staff, clients, and families.

## EXCEPTIONAL CORPORATE HEALTHCARE

We understand the importance of a healthy and productive workforce, which is why our comprehensive services are designed to meet the needs of your organisation.

By partnering with us, you can expect a range of benefits that will positively impact your employees' well-being and your bottom line.

Whether an executive needs an urgent GP appointment, a family member requires a specialist referral, or your business seeks travel advice or flu vaccinations for the entire office, rest assured, we are here to provide fast, comprehensive support and care.

Our doctors can visit your offices regularly for a routine in office surgery, or on an emergency basis as required.

## CORPORATE SERVICES

Our comprehensive range of Corporate Services include:

### Corporate GP Services

Convenient same day clinic, office, home and video appointments, ensuring your employees have timely access to excellent primary healthcare.

### Corporate Medicals

Comprehensive health assessments tailored to your company's needs, providing valuable insights into employee health and wellbeing.

### Referrals to Specialists

Swift and efficient referrals to our extensive network of specialists, ensuring your employees receive the specialised care they require.

### On-site GP Services

Bringing our medical expertise directly to your workplace, providing convenient access to healthcare for your employees.

### Return to Work Services

Support and guidance for employees returning to work after illness or injury, facilitating a smooth transition and reducing the risk of relapse.

### Medication Delivery Service

Convenient delivery of prescribed medications directly to your employees, saving them time.

### Seasonal Vaccinations

Comprehensive vaccination programs to protect your workforce against seasonal illnesses, minimising absences and promoting wellbeing.

### Mental Health Support

Access to mental health professionals and resources to address the growing importance of employee mental wellbeing.

### Rapid Blood Testing

Quick and accurate diagnostic tests to aid in the early detection and prevention of health issues.

### Visa Medicals

Comprehensive medical assessments to meet the requirements of visa applications, ensuring a streamlined process for your international employees.

### Travel Vaccinations

Essential vaccinations and travel health advice to keep your employees safe and healthy during their business trips abroad.

### Certificates and Letters

Prompt issue of medical certificates and letters to support your employees' health-related needs.

## OUR DOCTORS

We have a team of experienced and highly thought of GPs, giving us the flexibility to book in last minute appointments at the surgery, in the office, via a video call or at home.

## KIND WORDS FROM VALUED PARTNERS

“

*We have been working with Sloane Street Surgery for the last few years and have had nothing but a positive experience. The surgery is brilliant to deal with, at organising all our Partners' annual check-ups, as well as annual vaccinations for the team. They are super-efficient and provide the highest level of service and professionalism. We are in very safe hands.*

**Becky Robbins, Chief Operating Officer, Lincoln Private Investment Office**

“

*Sloane Street Surgery was an important partner during the pandemic, providing swift and professional COVID testing for our employees. Today, they continue to provide exceptional support to our team. Their comprehensive service, combined with a highly qualified team of GPs, ensures dedicated support to our employees' health and wellbeing. From a personal perspective, I'm extremely grateful for the excellent care and the peace of mind they bring to me and my family.*

**Andy wall, COO, Greenvale Capital**

“

*I have found Sloane Street Surgery Corporate Healthcare a very useful and worthwhile service and genuine benefit for our company. I have always found all interactions with medical and administrative staff to be very professional, and on the medical side; down to earth, refreshingly straight-talking, and genuinely helpful attitude.*

**Jonathan Lanceley, Partner, Lincoln Private Investment Office**

“

*During the pandemic, Sloane Street Surgery conducted weekly visits to our London office for over a year. They administered COVID-19 swab tests to our staff and delivered prompt results on the same day, ensuring office safety. Despite pandemic challenges, Sloane Street Surgery's team consistently demonstrated professionalism and commitment. We were highly impressed with their service, which played a crucial role in ensuring our team's safety and wellbeing.*

**Mercantile & Maritime**

## HOW WE CAN HELP YOUR BUSINESS

### Enhanced Employee Wellbeing

By offering comprehensive healthcare services, you demonstrate your commitment to their welfare, leading to increased job satisfaction and employee loyalty.

### Reduce the Cost of Sickness Leave

Our proactive approach enables us to effectively manage employee health and reduce the impact of sickness absence on your business.

### Improved Productivity

When employees have convenient access to healthcare services, including quick appointments, on-site care, and specialised referrals, they can address their health concerns promptly. By receiving timely treatment, employees can recover faster and return to work at their optimal performance level, boosting overall productivity.

### Tackle the Growing Problem of Presenteeism

We understand that employees who show up for work but are not functioning at their best can have a significant impact on productivity. Our services focus on addressing underlying health issues, providing prompt medical attention, and supporting employees in returning to optimal performance.

### Attraction and Retention of Talent

In today's competitive job market, employees seek employers who prioritise their wellbeing. Offering premium Corporate Healthcare services demonstrates that you value your employees' health and care about their overall quality of life.

### Access to Specialist Care

We can facilitate quick and efficient referrals to specialists when needed. This ensures that your staff receive specialised care promptly, avoiding delays and potential complications. Fast access to specialists can improve health outcomes and provide peace of mind to your employees.

### Convenient On-Site and Remote Services

We offer on-site clinics, at-home appointments and video calls, providing convenient access to healthcare for your employees. This saves them time and eliminates the need for lengthy commutes or waiting times, allowing them to prioritise their health without disrupting their work schedule.

### Option to Extend to the Immediate Family of your Employees

By offering extended corporate healthcare, you demonstrate your commitment to the overall wellbeing of your employees and their families. This valuable perk not only promotes employee loyalty but also ensures that their nearest and dearest receive high-quality medical care when they need it most.

### Flexible Payment Options

We're happy to work in partnership with international medical insurance companies, self-paying clients or directly with your business. Our goal is to alleviate the burden of time and anxiety for individuals with busy professional and family lives, ensuring they receive the care they need with ease and peace of mind.
